

Free
Bobbin Lacemaking
Lessons

Learn the ancient art of bobbin lace! Lacemakers of Puget Sound offers free one-on-one introductory lessons for all ages of aspiring lacemakers at their regular meetings September through February.

No experience or equipment is needed for the September lesson: loaner equipment is provided. We request students who wish to continue the series after September to acquire their own equipment and join the organization. (Information on purchasing or making inexpensive equipment is available; membership is \$25 per year.)

The three following lessons build the student's basic lacemaking skills. After completing the series, students may continue independently at their own pace using the extensive LPS library of instructional materials and patterns, contract for private lessons, or attend LPS workshops with expert lace teachers, many of them internationally known. Skilled, supportive LPS members are available at the meetings to share their knowledge and love of lace!

This year's September lesson will be held at the regular LPS meeting on

Saturday, September 22nd
10 am to 2 pm

Location & contact information on reverse.
Please call to reserve a place.

Contact LPS regarding the availability of lessons in other types of lace (tatting, knitted lace, crocheted lace, etc.)
